

### Manassas Moose partners with the Lake Jackson Volunteer Fire Department for Annual Car Show

The Manassas Moose was proud to partner with their local Fire Department in support of Timmy Tyrell Racings special project for Juvenile Cancer and Children's Hospital on October 5th. There were cars and bikes galore. And everyone had a great time. There were kids both young and old enjoying the cars and the fun of the day! This is an ongoing event every year at the Manassas Moose Lodge and the community is always looking forward to attending as well as volunteering to help

Timmy Tyrell is an amazing young man who is part of the Jeff Gordon Kick it program. Timmy is a large financial contributor to the Juvenile Cancer Wing at Children's Hospital. Timmy raises his money by many fundraisers but he raises awareness by racing. He is one of the top ranked JR drivers on the circuit.

Even Tommy Moose got in on the fun!
