BUILDING UPDATE

We met with PWC on Sept. 24 to review the comments on the 2nd submission of our SUP. All concerns the county had were addressed and corrected with the exception of the 30' buffer zone. We have to move the building 6 feet to the east and once the site plan reflects that change it will be submitted for final review and if approved sent to the Supervisors. A public hearing will then be held. We will be scheduling a meeting with the membership sometime in November to update everyone.
